

Mariners Education Seminar

Saturday, February 28, 2015

**Join fellow boating members for
No-host breakfast at 9:00 am in the dining room
Presentation to follow at 10:00 am**

Options for Reducing Copper Levels in Marina del Rey

Antifouling paints and hull coatings - What to consider

Hull cleaning - When and how often

Presented by

Paul Skipper, Owner, S & K Dive Service

Paul is a member of the California Professional Divers Association, the Del Rey Anglers and has worked with the Santa Monica Bay Restoration Association on their coastal clean-up projects. He has been in the boat bottom maintenance business for forty years.

Simon Landt, General Manager, Windward Yacht Center

Simon started out as a boat builder in Woodbridge Suffolk, England. He trained as a marine engineer and worked for a yacht charter business in Greece, Turkey and the Caribbean. He has been a manager at Windward Yacht Center for ten years. He is active in the local marine community attending meetings, shows and giving seminars.

**California Yacht Club, 4469 Admiralty Way, Marina del Rey
